Application No.: 10/683,728 Docket No.: 33226/475001; P8956

REMARKS

Please review the application in view of the following remarks. Applicants thank the

Examiner for indicating that claims 27-47 include allowable subject matter, and for carefully

considering the application.

Disposition of Claims

Claims 27-47 are pending in the application. Claims 27, 34, and 41 are independent. The

remaining claims depend, directly or indirectly, from the independent claims.

Double Patenting Rejection

Claims 27-47 are rejected on the ground of non-statutory obviousness-type double patenting

as being unpatentable over claims of co-pending Application No. 10/627,019, U.S. Patent No.

7,506,162, U.S. Patent No. 7,594,256, and U.S. Patent No. 7,610,390. Terminal disclaimers,

compliant with 37 C.F.R § 1.321, have been included in this response to obviate the double

patenting rejection. Accordingly, withdrawal of this rejection is respectfully requested.

Allowable Subject Matter

Applicants respectfully thank the Examiner for indicating that claims 27-47 are allowed over

the prior art.
